	Environmental Policy	

Pro Rail Services Ltd (PRS) recognises the importance of environmental responsibility throughout all its activities. All employees are required to ensure that environmental issues are carefully considered in the planning, controlling and execution of all work and utilising the principals of BS EN ISO 14001 2015.

PRS is committed to:

- Providing leadership to achieve objectives
- Developing a process approach to its activities
- Identifying interested parties associated with the business
- Striving for continual improvement in our environmental performance and the prevention of pollution.
- The reduction, within reasonable economic constraints of the environmental impact of its activities and where practicable to sustain the use of all resources.
- Meet the requirements of all relevant legislation and where practicable exceed these requirements
- Communicate internally and externally our environmental performance and plans where requested
- Ensuring that all employees are aware of this Environmental Policy statement through training, instruction and supervision.
- To continually assess our environmental performance
- Annually review our environmental objectives

PRS is committed to the continued review and improvement of its environmental performance as appropriate to the nature and scale of its operations. Senior Management has overall responsibility for this Environmental Policy.
