# PROVIDING A BESPOKE RANGE OF ON AND OFF-TRACK PLANT EQUIPMENT

Pro Rail Services Kobelco SK-135 RRV's are the first to join our fleet. This machine has great versatility and is well suited for working in confined spaces such as tunnels and platforms with its reduced radius swing.

We have a wide range of attachments available with this model including:

- Chieftain Trailers
- Chieftain Ballast Boxes
- Breakers
- Clamshells
- Screw Piling
- Vacuum Suction Excavation Unit
- Flail/Mulcher

And much more...

Pro Rail Services have become one of the industries well known names with a wealth of knowledge offered by our RRV team. Our capabilities include:

- POS Licence Holders
- CPA / RPA Members
- 24 Hour on Call Team (Reactive Works)
- Specialist Plant Management Team
- Site Supervisors
- Lift Planning
- RRV Plant Equipment
- Rubber Tracked Parallel Offset RRV's
- Wheeled Heavy Lift RRV's
- Wheeled Long Reach RRV's (5m Dipper Arm)
- Specialist Attachments
- RRV Vacuum Suction Equipment
- Associated Rail Trailer / Ballast Boxes / Plant Ramps / Fall Arrest
- Specialist RRV Operator Hire
- Machine / Crane Controllers
- Specialist Plant Operator Hire (CPCS)
- Civil's off track plant equipment
